Non-Gasoline Fuel To Be Taxed 12 Cents a Gallon

A special act to provide for a 12-cent-a-gallon tax on diesel, butane and propane fuels when used by commercial vehicles on public highways was introduced in the legislature Tuesday.

It implements a recommendation of the road-user charges commission to ensure that commercial vehicles powered by diesel and like fuels pay a tax like similar vehicles using gasoline.

MONTHLY RECORD

Instead of paying at the pumps, commercial transport firms will be required to file each month a record of mileage on B.C. highways.

It was one of 27 bills introduced as MLAs rushed to complete business by the end of next week.

Another bill authorized appointment of two additional supreme court judges for British Columbia. There are now one chief justice and 11 judges.

HISTORIC BILL

Bill 82 is the historic bill paving the way for administration of a debt-free province. It provides that no further sinking fund payments need be provided; that provincial debentures held in the sinking funds may be cancelled; that interest earnings from sinking fund investments shall be used to pay interest due on the direct debt; and that investments held in the sinking funds may only be used for the purposes mentioned in the bill.

STARLINGS PESTS

Goshawks, Cooper hawks, sharpskinned hawks, great horned owls and snowy owls are protected by an amendment to the Game Act, but the European starling now is classed with ravens, crows, magpies, jays and sparrows, whose nest eggs can be despoiled or as birds that may be killed as pests.

An act to amend the Forest Act gives authority to the forest minister himself to hold a public hearing in the absence of the forest adviser.

FOREST FIRES

It also provides for new regulations on industry in connection with forest fire fighting and gives greater power of requisition of fire-fighting equipment.

Another bill provides for incorporation of a Baptist theological college in connection with the Convention of Baptist Churches of B.C. and in affiliation with the University of B.C.

Brief Asks Cut in Taxes

The B.C. Chamber of Commerce Tuesday recommended to the legislature standing committee on labor that the government reduce taxes on industry, to improve its competive position, and that income tax be removed from logging and mining.

The brief suggested restriction of new wage demands.

Langford Ratepayers Endorse Industrial Zone

A 12-acre industrial zone in the Langford orea was approved Tuesday by 41 of 46 ratepayers who attended a special public hearing.

The approval gave a green light to Van Isle Moulding and Millwork Ltd., to build a several hundred thousand dollar mill to employ 70 persons immediately and about 150 in the future.

It will be built near the existing Rock Gas plant.
